

simply not tolerate that in our new country, and in fact we would welcome a firm U.S. presence in our country to help securing the trade route around southern Africa. The new country with its unlimited resources would in turn be very beneficial to your beloved U.S. as well.

There is a very real likelihood that a global, socialistic orchestrated hard lockdown will be imposed on many countries including South Africa. If this is indeed true and to be implemented, it may very well prove to be a devastating final blow to the mere existence of our already targeted minority groups of people.

We therefore plead with you, Mr President, to allocate a task force under the leadership of the very appreciated and respected Mr Mike Pompeo to closely work with the United Liberty Alliance (ULA) to investigate and realize this remarkable opportunity to benefit all the peoples of South Africa as well as our beloved friend and ally, the United States of America.

Yours sincerely,

Hein Marx
President, United Liberty Alliance
